# LETTER FROM THE PRESIDENT

To Our Future Corporate Sponsors,

Thank you so much for your consideration in supporting our organization! My name is Adolphus Addison, and I am proudly serving as the Chapter President for the National Society of Black Engineers at the University of Cincinnati (NSBE@UC) for the 2025-2026 term.

I chose to run for President because of the long lasting impact NSBE has had on me, and the wonderful community I have gotten to grow and inspire others with. NSBE@UC has played a significant role in developing my leadership and organizational skills. NSBE has been providing me with the opportunity to witness the transformation of our members into the very leaders our mission statement strives to develop. Since joining in 2022, I've seen how our members embody key values such as leadership, academic excellence, professionalism, and community service within and beyond NSBE. The growth and success of our members would not have been possible without the generous support of company partners like you!

Our executive board has curated this corporate partnership proposal, outlining NSBE@UC's upcoming programs and events for the year, including EFAD and Corporate Week, along with an overview of chapter activities to showcase the variety of opportunities for you and your company to interact with our chapter. Your company being able to take advantage of these opportunities grants you visibility and interactions with top-tier talent in the industry. Additionally, it helps us attract the most dedicated and driven individuals who are eager to become leaders in their fields. By collaborating with our chapter, you would be actively contributing to the development of the next generation of "...culturally responsible Black engineers who excel academically, succeed professionally, and positively impact the community."

On behalf of NSBE@UC, I would like to express our sincerest appreciation for any form of support you might be able to offer our chapter, and we invite you to join us on our mission to shape a brighter future. We look forward to building a strong lasting relationship with your company!

Adolphus Addison - NSBE@UC Chapter President  
University of Cincinnati  
Class of 2027 - B.S. in Biomedical Engineering

# ABOUT US

---

With more than 500 chapters and nearly 16,000 active members in the U.S. and abroad, the National Society of Black Engineers (NSBE) is one of the largest student-governed organizations based in the United States. NSBE, a 501(c)(3) nonprofit organization founded in 1975, supports and promotes the aspirations of collegiate and pre-collegiate students and technical professionals in engineering and technology. NSBE's mission is "to increase the number of culturally responsible black engineers who excel academically, succeed professionally and positively impact the community."

NSBE offers its members leadership training, professional development activities, mentoring, career placement services, community service opportunities and more. NSBE comprises 515 active chapters — 288 collegiate, 82 professional and 145 pre-collegiate — located in six geographic regions. NSBE is governed by an executive board of college students and engineering professionals and is operated by a professional staff at its World Headquarters, located in Alexandria, VA.

The NSBE Torch symbolizes the organization's everlasting, burning desire to achieve success in this competitive society and to effect positive change in the quality of life of all people. The same light that flows from the NSBE Torch to students and professionals in the United States is also useful for NSBE members abroad. The goal of the Society is to replicate its mission and vision in countries around the world, creating a global network of Black Engineers, scientists and technologists. NSBE has accomplished more for black engineering students than any other organization in the world.

# EVENTS TO DATE

## FALL '25 SEMESTER

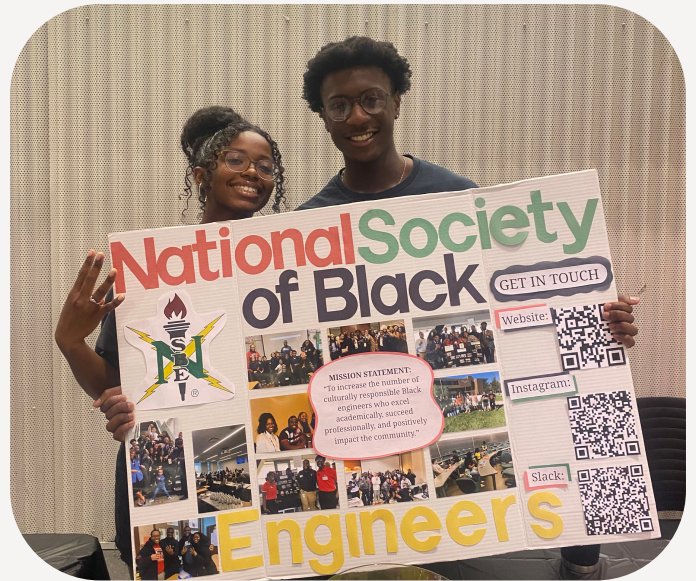

### WELCOME WEEK

This week marks the beginning of the academic year and serves as an opportunity for the student body to engage with UC organizations, explore campus involvement, and learn about upcoming events and initiatives planned for the semester.

### FALL REGIONAL CONFERENCE

NSBE's Fall Regional Conference offers an engaging and focused environment where student chapters from universities across our region come together to network with industry professionals, enhance their professional skills through development workshops, and connect with employers at a region-wide career fair.

### INNOVATE-A-THON

This exciting competition, sponsored by Marmon, is an engineering challenge where teams of undergraduate students are tasked with solving a real-world industry problem. Participants must develop innovative solutions and present their ideas to a panel of judges comprised of industry professionals.

# EVENTS TO DATE

## SPRING '26 SEMESTER

### NSBE'S ANNUAL NATIONAL CONFERENCE

NSBE's annual national and international conference offers a dynamic platform for professional development through engaging workshops and a robust career fair. It empowers our members to grow as motivated, high-potential individuals who are well-prepared to connect with leading employers.

### CORPORATE WEEK

This dynamic, event-packed week offers company representatives valuable opportunities to engage with our members through industry-focused workshops designed to prepare students for success in their careers. NSBE partners with a wide range of sponsors and organizations to create growth for our members while creating meaningful opportunities for both our partners and students.

### ENGINEER FOR A DAY (EFAD)

One of our most exciting and impactful events for local K-12 students, this experience pairs them with NSBE chapter members to explore hands-on engineering projects and science experiments. It's a fun and engaging way to spark curiosity and inspire the next generation of engineers.

# STUDENT TESTIMONIALS

"Having been a proud member of NSBE@UC, I can confidently say that the experiences and connections I fostered within the community were instrumental in shaping my post-collegiate success. NSBE@UC not only provided me with a supportive network of like-minded individuals but also opportunities to develop crucial leadership skills that I use now. To this day the mentorship and encouragement I continue to receive have been pivotal in navigating my career path and overcoming challenges. Being part of NSBE@UC passion for diversity in STEM fields and continues to inspire me to contribute meaningfully to my profession and community."

TAGARISA**

ALUMNI, COMPUTER  
SCIENCE

"The National Society of Black Engineers has profoundly shaped my collegiate experience, providing invaluable mentorship, internships, and networking opportunities. This support has equipped me with the skills and confidence needed to excel in a competitive workforce."

**ADOLPHUS  
ADDISON**

UNDERGRAD, BIOMED  
ENGINEERING

"When I first came to the University of Cincinnati in fall 2024, I felt alone in my major. I had made many friends from the Darwin T Turner program and the Engineering Summer Bridge program; however, I didn't have anyone that looked like me in my specific major. That's when I decided to join the National Society of Black Engineers (NSBE). I attempted to join in fall 2024 but due to my ENED class and Chem lab being back-to-back I was unable to. However, when I joined NSBE in the spring, it felt like I joined a family. I will never forget the first meeting I was in attendance at, there I was met with open arms."

# SPONSORSHIP PACKAGES

## **RED - \$1500**

The benefits of the RED package include:

- 1 Ticket to our Annual NSBE Awards Banquet
- Recognition at our Annual NSBE Awards Banquet
- Your logo showcased on our website

## **Yellow - \$2000**

The benefits of the YELLOW package include:

- 2 Tickets to our Annual NSBE Awards Banquet
- Recognition at our Annual NSBE Awards Banquet
- One student interactive session
- Your logo showcased on our website & t-shirt

## **Green - \$3500**

The benefits of the RED package include:

- 4 Tickets to our Annual NSBE Awards Banquet
- Recognition at our Annual NSBE Awards Banquet
- Two student interactive sessions
- Involvement with EFAD session plus resume bank access
- Your logo showcased on our website & t-shirt

## **Black - \$5000**

The benefits of the YELLOW package include:

- 6 Tickets to our Annual NSBE Awards Banquet
- Recognition at our Annual NSBE Awards Banquet
- Three student interactive session with an additional session per \$1000
- Involvement with EFAD session plus resume bank access
- Your logo showcased on our website & t-shirt

## **Torchbearer - \$7500**

The benefits of the YELLOW package include:

- 10 Ticket to our Annual NSBE Awards Banquet
- Recognition at our Annual NSBE Awards Banquet
- Three student interactive session with an additional session per \$1000
- Guaranteed spot for corporate week
- Involvement with EFAD session plus resume bank access
- Your logo showcased on our website & t-shirt
